b. Conducted a complete functional analysis of agency operations, resulting in an approved activity account structure, by organization unit, for common use in budget formulation, presentation, and execution; and identification of related quantitative data for regular use in projection and performance evaluation.

c. Developed and documented an accrual accounting system in conjunction with or in contemplation of internal cost-based budgeting, designed to serve through effective reports the informational needs of an existing or planned integrated financial management system.

The nomination should include the nominee's name, position, title and grade, organizational location, residence or post office address, education, degrees received and any other pertinent information. Agencies should feel free to use their existing awards program when selecting nominees.
